Vineyard	100% 16 Falls
Sweetness	Dry
Alcohol	12.8% ABV
pH / Total acidity	3.19 / 87.8 g/L*
Residual sugar	3 g/L
Harvest dates	October 10-11, 2022
Soils	Clay/loam over shalestone

VINEYARD & VINTAGE

16 Falls has western exposure and mostly lyre trellising. Riesling clones 198, 239, and 90 are planted mostly on 3309C rootstock, with some 101-14 and 5BB. The source describes the vineyard as leased and the wine as estate grown, noting purchase in January 2019. The exceptionally early ripening season brought warm, sunny conditions in late summer and fall. Grapes were hand-harvested on October 10 and 11 in excellent conditions, with minimal botrytis.

WINEMAKING

Grapes were sorted in the vineyard before harvest, then whole-cluster pressed for gentle extraction. All components fermented at 54-60 F in temperature-controlled stainless steel tanks. After racking, components aged on lighter lees over winter until April. Bottled in August 2023.

*Total acidity reproduced as supplied; please verify 87.8 g/L.
